

**In your groups discuss the different responses that you see on your sheet(s) from the carousel.**

**In 10 minutes you'll present to the whole group. Do your best to be ready to:**

- » Summarize the range of responses you see
- » Pick and explain the ideas stand out to you as most helpful or effective
- » Decide if you came across ideas you'd like to learn more about or discuss
- » Tell about anything your group thought important to add to the sheet(s) that arose in your discussion

You'll have 2 minutes to fill everyone in on these areas.  
We'd love to see everyone in your group take a role in the presentation!
